

GLOBAL CONFERENCE ON IMPLEMENTATION SCIENCE & SCALE-UP

2019

JUNE 29th- JULY 1st

Hotel Radisson Blu Dhaka

(15+ Leaders in Implementation Science Moderating)

Call for Abstract

- ORGANISED SESSION DEADLINE: 1 MARCH 2019

- INDIVIDUAL SESSION DEADLINE: 22 MARCH 2019

About

The Global Conference on Implementation Science and Scale-Up is co-hosted by the Centre of Excellence for Science of Implementation and Scale-up (CoE-SISU), BRAC James P Grant School of Public Health at BRAC University and UNICEF Bangladesh.

The conference aims to showcase the role of Implementation Science (IS) in promoting a culture of evidence-based health and other social development programmes, policies and practices, as well as to create demand for the key implementers and policy makers towards mainstreaming IS in order to bridge the gap between research and policy making.

The Conference also aspires to create a demand for global knowledge sharing through an inclusive platform and to document the success stories in Low and Middle-Income Countries (LMICs) through the use of IS to influence programme, policy, and practice.
